LUKE MATTHEW PARLATORE

August 28, 1984 – January 27, 2002

“Our Children Are Our Future”

The Luke M. Parlatore Scholarship Foundation believes that our “most valuable commodity” is our people. Our intention for encouraging community service among students is to have a positive impact on young lives and the community. Recognizing high school leaders with college scholarships helps to build stronger, more community oriented and more productive young people. **By investing in our future, we all benefit.**

*Since 2002, Luke's Foundation has awarded over \$135,000 in scholarships
and contributed over \$35,000 to local community charities
ALL thanks to family, friends and local businesses!*

We also believe in leading by example. Luke's Foundation has expanded its mission to include a **community outreach program** to local and national organizations in need, such as:
S.I. High School Cross Country, CYO Track and Field, Administration for Children Services, American Cancer Society, American Red Cross, Cooley's Anemia Foundation, The Alzheimer's Foundation, S.I. Tsunami & Katrina Days, Adopt a Blue Belt, Project Hospitality, The Lenny Ingrassia III/Heart of A Lion Fund, The Robbie Breen Memorial Fund, The Arielle Newman Memorial Fund, St. Mary's Rosebank, Staten Island High Schools and many, many more!

Our inspiration ... Luke Parlatore, was a promising and dedicated young man who believed in serving his community and helping others. His numerous contributions to the Red Cross, Vietnam Veterans and Alzheimer's Foundation were worthy of several personal citations. The objectives of Luke's Foundation are to, honor and perpetuate a very special and goodhearted young man's legacy, by encouraging community service among students, while contributing to our future leaders and local charities.

Please give to The LUKE M. PARLATORE Scholarship Foundation:

***It's a contribution to our community ...
It's an acknowledgment of young leaders ...
It's an investment in the human spirit!***
